

Vision Benefits

All of our plans provide coverage for vision care focusing specifically on benefits that support prevention and early detection. Routine exams can help detect early signs of serious eye conditions such as glaucoma, cataracts and macular degeneration. In addition, there are allowances for frames and/or contact lenses.

For more details on the benefits and cost-sharing, refer to the benefit summaries located in this guide.

All vision benefits are provided through EyeQuest®.

Clear Spring Health has a contract with Medicare to offer PPO, HMO, and PDP Plans. Eon Health has a contract with the Georgia Medicaid program and a contract with the South Carolina Medicaid program. Enrollment in these plans depends on contract renewal.
