

MANDATORY REQUIREMENT FOR ALL PROVIDERS

The Centers for Medicare & Medicaid Services (CMS) mandates that all contracted medical providers and their staff must receive basic SNP Model of Care training annually. Providers are responsible for conducting their own MOC training.

What Providers Need To Do

- 1. Complete the training.
- 2. Complete the Attestation Form.

If it is a group training, one attestation form should be submitted by the individual with authority to sign on behalf of the group and an attendance roster must be attached.

I hereby attest that I have reviewed the Special Needs Plan (SNP) Model of Care (MOC) Training. I attest that individuals in my organization providing care to SNP patients have been trained on Clear Spring Health's Special Needs Plan.

I understand my role and that of my staff's in improving health outcomes for our most vulnerable population.

I understand this training is mandated by CMS for all Medicare Advantage providers that care for SNP members.
