

**Get the same expert and personal care when you need it after hours and on weekends.**

That's what you deserve, and that's why **Clear Spring Health** offers **nurse triage services.**

Here's what you need to know:

Clear Spring Health is dedicated to the health and well-being of our members. To ensure you receive the same high-quality care after hours, we provide **free** telephone triage services to you.

When you call after hours (Monday - Friday 8:00 PM - 8:00 AM), and on weekends, **instead of speaking with our staff during these times, you'll speak with a qualified nurse** who will quickly handle the care process over the phone.

**Simply call our facility office number (833-222-9516) to receive care after hours. A RN will assess your symptoms and determine the best care option over the phone.**

Personal Care  
when **You** Need It.
